◆ Instruction :

1. Charge iPhone / iPod

- a. Adjust the bracket to closely fit iPhone/iPod. Plug iPhone/iPod into MHub dock station

- b. Connect MHub to the included AC adapter via USB charge cable and plug AC adapter to wall power socket. Now the iPhone/iPod is being charged. To charge BlackBerry: Connect it to the other USB port on AC adapter via included mini USB cable.

Note: When connect MHub to the AC adapter but with no connection to computer, there is no charge or sync function on the three additional USB ports.

2. Sync iPhone/iPod & other digital devices

- a. Connect MHub dock station to computer via mini USB cable(0.35m).
b. Plug iPhone/iPod into MHub dock station. The iPhone LED indicator illuminates. Now, iPhone/iPod is being charged and synced.

Note: When there is no AC adapter connected, only mouse and charging iPhone/iPod dock station are workable

3. a. Connect MHub dock station to computer and AC adapter via included USB cable. Plug iPhone/iPod into MHub dock station. Now, iPhone/iPod is being charged and synced.
- b. Connect other devices, please use additional USB port for operation. To read and write HCSD/SD/MMC card, please insert your card into card reader port.
