Smart Backup Battery for iPhone/iPod

Smart Backup Battery for BlackBerry<sup>®</sup>

# RichardSolo®

RICHARD THALHEIMER

*Founder*

My iPhone has become such an essential part of my day, I cannot imagine going without a backup battery. Of course I've tried them all, and the new RichardSolo 1800 has some real advantages. One of the nicest features is the "latching" mechanism. This is the only battery that securely latches below the iPhone.

It's also one of the few that can charge your iPhone/iPod/BlackBerry in tandem, together. That means you can travel with just one charger! Complete kit includes USB retractable charging cable, dual-port USB car charger, and USA AC adapter [110-240V] wall charger (works with any international plug adapter).

It's a terrific kit, and a lot of value for the price. Plus the best customer support ever. You are sure to be satisfied.

*Richard*

Give your iPhone more than  
**double the juice.**

Richard|Solo® 1800

## **Finally, 1800 mAh in a pocket-sized backup battery!**

Thinking of getting a backup battery for your iPhone/iPod or BlackBerry? The new RichardSolo 1800 has capacity and features that distinguish it from the competition. Large 1800 mAh capacity will charge the iPhone completely to full, with more power left over for later charging. Just snap it on — no cable required! Fits with all cases. Polymerized lithium-ion battery takes hundreds and hundreds of charges. Three LED lights indicate charge status. RS001 certified for iPhone 2G/3G, and all iPod models except shuffle. RS007 works with all BlackBerry models and any phone with mini-USB charging port.

# Support Brace

For iPhone, sturdy support brace holds iPhone and RichardSolo 1800 securely together. And, this is the only snap-on battery available with an actual iPhone latching mechanism, to keep the RichardSolo 1800 and iPhone firmly attached. Snap on the appropriate support brace (2G or 3G) by matching the silver arrows.

# Technical Specifications

- 1800 mAh polymerized lithium-ion battery
- RS Battery itself is charged to 100% in about 5 hours
- Output: DC 5V +/- 0.25V
- Output current: 500 mA
- Operating temperature: 32 to 95°F [0 to 35°C]
- Storage temperature: 14 to 113°F [-10 to 45°C]

 **RoHS** No lead, mercury or cadmium.

**FC** ICES-003

## WE ARE HERE TO SUPPORT YOU!

I had read a number of glowing reviews about RichardSolo quality, and am thrilled to discover your support is top notch. Thanks again for the fantastic customer care — you've certainly gained my loyalty. — **D.G.**

I'm sure you can appreciate how little true "customer service" is evidenced in today's business environment. To have you and your company exhibit such exceptional service is unbelievably refreshing. Thank you, thank you, thank you!!! I will be highly recommending your company to anyone I encounter. — **P.S.**

Dear Richard and Team: This is what I call great customer support. I wish more companies would figure this out these days. Thank you so much. — **D.C.**

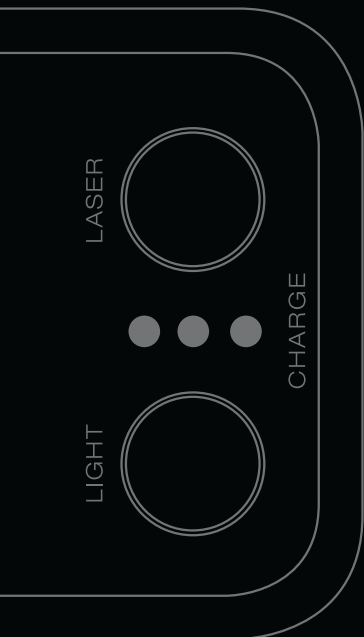

I've tried ALL the others products AND yours is the ONLY one that works correctly!!!! — **H.L.**

Your service and attention was first rate and I will recommend that all my friends with iPhones or iPods purchase your product with confidence that if there is a problem, you guys will fix it! Good customer service is getting more rare each day so a big THANK YOU to you and your company. — **T.C.**

You have provided me one of the best services I have ever encountered on any on-line/telephone shopping. — **T.K.**

Richard, thank you. That was the fastest response I have ever received. Great product by the way. Appreciate the assistance. — **M.W.**

This is absolutely the best customer service experience I have had in a long time. — **L.L.**

# Give your iPhone or BlackBerry® more than double the juice.

**Finally, 1800 mAh in a pocket-sized backup battery!**  
by Richard Thalheimer

Thinking of getting a backup battery for your iPhone or iPod? The new RichardSolo 1800 has capacity and features that distinguish it from the competition. There's also a separate BlackBerry version as well!

Large 1800 mAh capacity will charge the iPhone or BlackBerry completely to full, with more power left over for later charging.

**Just snap it on — no cable required! Fits with every case.**

110-240v AC wall charger included for fast charging. And, you can use the iPhone while charging it, and you can charge the RichardSolo 1800 and iPhone (or BlackBerry) together at the same time, with the included USB cable, AC wall charger, or USB car charger — like getting two extra chargers for free!

The dual-port USB car charger will charge the RichardSolo 1800 and power another device. The RichardSolo 1800 also features a built-in laser pointer, and super bright LED flashlight, with lock button to prevent accidental use.

For iPhone, sturdy support brace holds iPhone and RichardSolo 1800 securely together. And, this is the only snap-on battery available with an actual latching mechanism for iPhone, to keep the RichardSolo 1800 and iPhone firmly attached.

Polymerized lithium-ion battery takes hundreds and hundreds of charges. Three LED lights indicate charge status. RS001 certified for iPhone 2G/3G, and all iPod models except shuffle. RS007 works with most BlackBerry models except 8830 World Edition, and most phones with mini-USB charging port.

Your satisfaction is completely guaranteed, with a 30-day, no-hassle return privilege, and a 90-day warranty. You will be absolutely delighted. That is my promise to you, and you can depend on it!

**Order now for free USA and Canada shipping:**  
RS001 for iPhone/iPod RS007 for BlackBerry **\$69.95**

**Order two of the same, and save 15%**  
Must be one of the same, shipping to one location, including type of case, network, and connection speed. iPod is a trademark of Apple Inc., registered in the U.S. and other countries. iPhone is a trademark of Apple Inc.
